Dear Action Sales Team:

Thank you so much for your exceptional customer service. We absolutely love the Floral Merchandiser that we purchased from you and we were very pleased with the entire process from purchase to installment.

Specifically, Andrew Wu was such a great help to us. He was very quick and responsive when answering our questions and since we were new to purchasing a fridge for our business, he gave us his honest opinion along with a detailed proposal of options we could choose from. Even when we first received the fridge there were some mechanical problems but Andrew swiftly sent someone to fix the situation and now it is running 100% smoothly. Overall, Andrew provided great help and wasn't pushy, gave us options, was very honest, and was incredibly helpful. He even followed up afterwards to make sure we had a smooth transition with our fridge.

We will definitely be using Action Sales Team in the future and will be recommending all of our friends to them as well. You won't regret going with them! We had such a great experience.

Sincerely,

Studio Manager
