Action Sales Testimonial

Action Sales has been our preferred vendor for our restaurant equipment and smallware needs since the inception of our company. As Pieology Pizzeria franchisees we opened nine locations within three years with the help of Action Sales. The professionalism and integrity of the staff is unmatched. From competitive pricing to sourcing special order items and opening accounts with vendors just for us Action Sales has shown that they will do everything and anything to help us tackle the obstacles we face.

I personally would like to take this chance to say thank you to Action Sales and specifically Paul, Richard, and Vince for always being available to service our needs. I can honestly say we would not be where we are today without your help.
