Carter Kwok is absolutely amazing!!!!

I opened a restaurant in the Arts District last year. Carter was extremely knowledgeable and thorough in researching every piece of equipment for our kitchen and bar. He took the time to understand our needs and was very detailed in presenting the various options for each piece of equipment we needed.

I have been in the restaurant business for 20 years and have worked with numerous vendors. Carter and Action Sales came highly recommended so I decided to try them out.

The service provided by Carter is by far the best that I have encountered. Not only did he help me source all of our equipment, but has also been very helpful with any questions I have had after the install. I will never work with anyone else!

THANK YOU to Carter and the Action Sales team for being so incredible!

Sincerely,

Andrea Uyeda, Owner
